

COVID - 19 BUSINESS WORK RESPONSE

MARK STEPHENS ARCHITECTS
BRIDGE STREET, SWINFORD, CO. MAYO F12 PX21
T: 094 92 52514 E: info@markstephensarchitects.com
W: markstephensarchitects.com

Current as of 18th May 2020 (Phase 1)

The following are the work practices as of the above date on how we plan to undertake work in the current Covid-19 Coronavirus pandemic:

- In accordance with the Government advice - we will be undertaking work **OUTDOORS AND INDOORS** from the above date.

NOTE: In accordance with Government advice we will only be visiting sites indoors **'Where it is safe to do so'**. That therefore requires a Risk Assessment to be undertaken in each instance.

Economic Activity & Work

Construction workers where it is safe to do so can return to work.

Farmers' markets, gardeners and other outdoor workers return to work: social distancing requirements continue to apply.

Remote working continues for all others that can do so.

The Return to Work Safety Protocol is the operative guide for employers and employees.

OTHER IMPORTANT ITEMS:

- The 2.0 metres social distancing should be maintained at all times.
- Face to Face contact should be avoided
- PPE will be worn by our staff at all times
- Contractors, sub contractors etc... are expected to have completed the CIF Covid-19 Induction course & have their digital card on them at all times (see mine below):
- Visits will not be undertaken to sites where anyone is self isolating or displaying typical symptoms of Covid-19. We should be made aware of this prior to the visit.
- The office (Bridge Street) is remaining closed until a later date and I am continuing to remotely work from home will full access to files/drawings etc...
- It currently looks like the re-opening date of the office will be the 8th June 2020 (Phase 2)
- Permissible work indoors is the inspection of projects that were ongoing, were in lockdown & then reopened. New renovation projects internally is not classed as permissible indoors work.
