

Task 2: Practice Focus

Part i

- Select and research a design practice (architecture, Interior, urban) in which you have an interest or may wish to work for.
- Summarise the company in 400 words or less, who is the principal, what type of work they do etc

Part ii

- Devise a set of interview questions that will reveal the ethos and work practices of the company.
- Make an appointment with and use these questions to structure an interview with one of the designers/ principles in the company. This can either be in person via telephone or email
- Summarise the replies as the company ethos in no more than 500words.

Part iii

- Write a covering letter to one of the principals in the above company saying why you wish to work for them and why your skills are appropriate for a position in their company. Include within this a pdf portfolio

Learning Outcome

- The architects role and responsibilities in the provision of interior/architectural services to contemporary society

Submission: Practice Focus

Paper copy required

Note the submission consists of the summary of the company, the set of questions, the answers and the summary to questions (include the person interviewed) and the covering letter/portfolio.
